AD VALOREM TAX ON COAL IS ADVOCATED BY SPROUL TO RAISE STATE REVENUES

Would Yield \$16,000,000 Annually and Be Widely Distributed.

BILLBOARDS ARE INCLUDED

"If Half Tax on These Be Returned to Counties Would Be Some Compensation for Unlucky Obstruction," He Says; Touches on Liquor.

By Associated Press.
HARRISBURG, Jan. 18.—A percentage tax of four cents a ton on bituminous coal produced at the mines and eight cents a ton on anthracite is recommended by Governor Sproul as one of the measures to increase revenue to meet the increasing needs of state government. The governor suggested this in his address delivered to the Senate and House, sitting in joint session at noon today. The governor established a precedent in delivering the biennial message in person to the Legislature.

In suggesting the tax on coal Governor Sproul said it should be accompanied by legislation which would prevent the addition of larger sums than were actually paid to the cost of coal to the consumer as a compensation for taxes.

"This will prevent any gouging of the public," he said, "or any excuse regarding the cost of collection."

The tax would be widely distributed, the governor said, and a large proportion would come from beneficiaries of Pennsylvania's natural resources living outside the state. The tax would yield about \$16,000,000 and it is suggested that 60 per cent go to the state, 20 per cent to the counties in which the coal is produced to reduce local taxation and the remaining 20 per cent be used in restoration, repairs, rebuilding and remedying generally the conditions existing in the coal region.

In the event other plans for increasing revenues should be desired the governor suggested consideration of a one or two-mill tax on the capital stock of corporations. An increase of one per cent in inheritance taxes, making the rate six per cent upon inherited real estate and three per cent on direct inheritances is also suggested in case other revenue measures fail.

Governor Sproul also advocated a state license tax of five cents per square foot on billboards and advertising signs erected on property other than owned or occupied by the advertiser.

"If half of this tax be returned to the counties whose people have to endure the signs, they would be some compensation for their unlucky obstruction into the landscape," said the governor.

On prohibition enforcement Governor Sproul said he was of the opinion that the Brooks license law should not be repealed but that it should be amended so as to conform to the federal laws and necessary enforcement provisions should be added to meet present conditions.

HARRISBURG, Jan. 18.—When the House met today the chaplain's prayer touched on the birthday anniversary of Benjamin Franklin and expressed the hope that after an orgy of spending the nation might turn to thrift as emulating the example of its advocate.

Speaker Spangler appointed William McCraig, Allegheny, and Duncan Sinclair, Fayette, trustees on the part of the House for the Soldiers and Sailors home at Erie.

Attorney General Aker informed state commander David J. Davis and a committee of the Pennsylvania department of the American Legion that in his opinion a constitutional provision would be needed to enable the state to make a loan for payment of a bonus to veterans of the World War. The committee will have presented to the legislature a resolution proposing the amendment. The committee discussed the legislative program with legislators who served in the war.

MARKED IN. Jun. 18.—Senator William E. Crow, Republican state chairman, resumed conference today with Republican leaders in regard to committee chairmanships and appointment of legislative places, hoping to end differences which have been holding up announcement of appointment of the General Assembly. The chairman said he had been discussing the points at issue for over a day and a half to be able to reach some agreement.

To Appoint Member.
A member to succeed W. D. Colborn on the board of health will be named by council at its meeting Monday night.

Following the addition of Mr. Colborn to the health committee, the committee will meet on Tuesday.

Rockwood Man Dies.
William K. Taylor of Rockwood died Monday in Washington, Pa. He was 70 years old.

BISHOP POST'S PLAN FOR ARMISTICE DAY IN LEGION'S PROGRAM

Of Legislation to Be Proposed at Harrisburg; Repairs and Changes at Marietta Are Urged.

HARRISBURG, Jan. 18.—The suggestion to make Armistice Day a legal holiday, which originated with the Milton Layette Bishop Post No. 301, The American Legion of Connellsville, is embodied in the legislative program of the executive committee of the Pennsylvania department of the Legion. The remainder of the program includes the following:

Exempting properties of posts of the Legion from taxation.

Providing that only members may wear the Legion button.

Giving preference in civil service examinations to veterans of all wars.

Providing for representation on the Soldiers' Orphans' School Commission.

The bonus legislation calls for \$10 a month to \$250 maximum, but the complete features of the proposed bill will not be determined until after a conference with Governor Sproul and Attorney General Schaefer.

The Marietta hospital, which was investigated by a committee of deputy commanders representing the department, was found to be in a proper place for treatment of tuberculosis, and its retention favored as a United States public health service hospital if suitable repairs are made, equipment supplied and a complete change in executive control provided.

COUNTY DETECTIVE'S OFFICE TO BE OPEN BOTH NIGHT AND DAY

Chief or Member of Staff Will Be on Duty 24 Hours, District Attorney Announces.

It was announced by the district attorney at Uniontown today that effective immediately, either a state officer or the county detective would be on duty at the latter's office 24 hours every day.

Persons having urgent business with the detective, desiring to report cases to him, will find someone at the office every hour of the day or night.

NEW USE FOR NEWSPAPER

Ignites When Elevator Takes Fire and Saves Sleeping Reader.

WASHINGTON, Jan. 18.—The ill wind that blows somebody good sometimes even blows up an elevator shaft.

Frank French, watchman, fell into a comfortable snooze while reading a newspaper. Unlike John D. Rockefeller, Frank didn't relax when he fell asleep and drop the newspaper. He still clutched it. Fire started at the bottom of the elevator shaft beside which Frank slept and leaped upward until it ignited the newspaper. The burning paper smothered Frank's fingers, woke him up and he was just able to escape before his exit was cut off by the fire.

Frank now believes that a newspaper is always a useful commodity.

POLICE KILL FOUR

Eight Follows Ambushing of Black and-Tans Near Galway.

LONDON, Jan. 18.—Four civilians were killed and several black-and-tan military policemen were wounded in a fight in County Galway, Ireland, according to reports received today.

The fight ensued when a black-and-tan patrol was ambushed near the city of Galway.

Pneumonia Develops

C. P. Smith, the West Side newsdealer, who has been ill at his home in Crawford avenue, for the past several days, has developed pneumonia.

ROMANCE OF WAR ENDS IN MARRIAGE OF FRENCH GIRL AND MOUNT PLEASANT MAN

Special to The Courier.

MOUNT PLEASANT, Jan. 18.—A romance that began in France during the closing months of the World War reached its climax in the marriage at Greensburg Monday of Rudolph Hribal, well-known young man of the Mount Pleasant community, and Miss Louise Getz, a French girl, whose home is at Javelle, France. They were married by a justice of the peace at noon.

The ship bearing Miss Getz arrived ahead of the time the waiting lover expected it. She was scheduled to reach New York Monday. Instead her ship docked Sunday. Being uncertain as to the time Mr. Hribal had arranged with the Red Cross at Greensburg to meet her at the train and notify him. When the young miss arrived at the country seat she was taken in charge by Miss Mary Sloan, attached to the Red Cross headquarters, and word sent to Mr. Hribal. While her lover was speeding to Greensburg Miss Sloan escorted the young woman to Red Cross headquarters and then took her to a restaurant for breakfast.

It was 9:15 o'clock when her train pulled into the station. At 12 the marriage ceremony was in progress.

Immediately following, Mr. and Mrs. Hribal came to Mount Pleasant and went to the home of the bridegroom's parents, Mr. and Mrs. Frank Hribal, on a farm near Blosser. They will live at Parfittown where a home has been furnished.

Mr. Hribal served with Company B, Seventh Infantry, in France. He met Miss Getz while his command was operating near Nancy. He is engaged in the operation of a coal mine near Parfittown.

COAL OPERATORS SEEK EXTENSION OF VALLEY ROAD

Petition For Project Presented at Annual Meeting of Stockholders.

Action Is Held Over

Building of Two Miles From Present Terminal at Mill Run Would Mean Extension of Valley Road Company's Output Over 100,000 Tons.

A petition of coal operators of the Mill Run community for an extension of the Mill Run branch line of the Indian Creek Valley Railway company was presented at the annual meeting of the stockholders Monday by General Manager J. J. Dougherty. There are located along the proposed extension, Mr. Dougherty said, a half dozen mines, while the number would be largely increased if the line were constructed, it is indicated.

During the boom in the coal wagon mine operators, included three to four cars a day which were loaded at the terminal at Mill Run. Due to the slump in the price of coal the team track industry at Mill Run, as elsewhere, has been abandoned temporarily.

No action was taken by the directors of the company, the matter being held in abeyance until the price of coal is advanced to a point where industrial adjustment is made. The estimated cost of the extension, Mr. Dougherty estimated, would be about \$1,000,000. There would be little grading.

Coal traffic in the valley is holding up fairly well. Twenty-five cars a week moved out Monday. This is above the average, however, which is about 15 cars a day. During the period of high prices more than twice that many were hauled out daily.

James R. Gray was elected a president of the road; Charles F. Hood, vice-president; D. W. McDonald, secretary; and J. J. Dougherty, general manager. The board of directors is composed of the officers and Joseph D. Hood, Charles D. Schell and George W. Campbell, all of Connellsville; Joseph W. Ray, of downtown; and Sam P. Hood, Philadelphia.

PIPE MILL RESUMES

Resumption of Scottsdale Plant Attended by Out in Wages.

SCOTTSDALE, Jan. 18.—The plans of the United States Cast Iron Pipe & Foundry company at Scottsdale resumed this morning following the shut-down of almost a month. Notice of the resumption of work was received by the men several days ago. A letter sent out by the company stated work would be resumed at 6 o'clock this morning, but that a wage cut of \$1 per day would be in effect.

NEW SUPERINTENDENT

Miss R. M. Jolly in Charge of Cottage State Hospital.

Miss R. M. Jolly of Philadelphia, who has been named superintendent of the Cottage State Hospital, arrived here last night to assume charge of the institution.

Miss Minnie Crouse, who has been acting as superintendent, will remain at the hospital.

At the Hospital.
Lena Baker of Vanderbilt, Sophia Marcyk of Connellsville, Corolla Marie Matzler of Levensburg No. 2 and Charles Ream of Markleton underwent dental operations at the Cottage State hospital this morning.

Actresses Drive

Geese in Parade; Eat Them Tonight

By Associated Press.

NEW YORK, Jan. 18.—The spectacle of 15 actresses from leading Broadway musical comedies to ding the ribbon girls in a goose race was a feature of the annual Madison Square Garden poultry show opening here today. The web-foot race will be sponsored after the derby for a midnight feast for their drivers.

Receivers From Grip

C. P. Critchfield, Jr., hussagemaster for the Pennsylvania Railroad company here has returned in work after being confined to his home for a week with grip.

Weather Forecast

Cloudy with rising temperature, tonight and Wednesday is the noon weather forecast for Western Pennsylvania.

Temperature Record.

The Yough river fell during the night from 3.80 feet to 2.20 feet.

B. & O. SAFETY RALLY AT ARMORY ON JANUARY 24

A series of instructive meetings designed to further impress safety upon its employees will be undertaken by the Baltimore & Ohio railroad, beginning next Monday in New York.

The tour will be under the direction of John T. Broderick, superintendent of the safety department of the railroad. He will make an address in each city on the aims and benefits of safety. There will be shown the new safety picture, "Bulletin 70," which is a visualization of the various accidents reported to the Interstate Commerce Commission by the railroad of the country. The railroad men and his wife and children will see right before their eyes the dangers that are always present for the employees who neglect to take precautions in their daily tasks. The picture is a remarkable production and has all the thrills and interest of the most sensational films now being shown. The actual operation of standard trains and the proper and improper ways of handling them by train and engine-men are depicted graphically and instructively.

The rally in Connellsville will be at the armory on January 24. Others include: Cumberland, Md., Maryland theatre, January 21; Pittsburgh, Pa., hall, Seventh avenue and Duquesne, January 25; New Castle, Neshaminy, Pa., hall, January 26; Graceton, W. Va., Elks hall, February 1.

He Went West Where He Spent Five Adventurous Years as Mine Official. Returning to Native City Gained Distinction as Fighter of Criminals.

The death in a Philadelphia hospital a few days ago of Logan M. Bullitt at the age of 58 years, recalls to a number of people in Dunbar and vicinity his residence in the furnace town and his active and energetic work as superintendent of the Hill Farm mine almost 40 years ago.

Shortly after his graduation from the University of Pennsylvania in Philadelphia in 1881 he was sent by his father, then a director of the Dunbar Furnace company, to begin his career in some phase of activity related to the operation of the furnace. His first assignment was as assistant superintendent of the Hill Farm mine, a position he held a few months and was then advanced to the superintendency. He occupied this position for a year, during of the quiet life in a mining and furnace town in the east he went west where he took charge of the office of the Northern Pacific Railroad company in North Dakota, Montana and Washington. Here he remained for five years that were replete with adventures sufficiently strenuous to satisfy his taste for the unusual and exciting.

Returning to Philadelphia he married Miss Maria Stockton Brown, the daughter of David Paul Brown, a prominent lawyer of his day. Four children were born to the union one of whom, Richard Stockton Bullitt, was killed in action in France during the World War.

Soon after his return to Philadelphia Mr. Bullitt began the practice of law and was successful from the start, but it was as a civic reformer and leader that he attained the greatest distinction in his native city. Having independent means he devoted much of his time to politics. As chairman of the city taxpayers' committee he was instrumental in instituting important reforms that prevented raids on the taxpayers and a breaking up the collusion existing between dishonest city officials and equally corrupt contractors.

Even before his advent in reform politics of Philadelphia he came into prominence for a contest he waged against the railroads and a certain class of anthracite coal producers. He charged that the railroads practiced discrimination in car supply and freight rates to favored shippers and went before Congress in 1906 and persuaded that body to empower the Interstate Commerce Commission to take action.

Civil suits were instituted by Mr. Bullitt during the trial of which it was shown that railroad officials had accepted bribes in consideration of which they had practiced discrimination in the matter of both car and rates to the disadvantage of coal producers who had gained their discrimination.

Mr. Bullitt's father, John C. Bullitt, a lawyer of great eminence, and author of Philadelphia's charter of 1892, came to Philadelphia from Kentucky in 1849.

TWO KILLED, 10 HURT WHEN FILMS EXPLODE IN NEW JERSEY PLANT

Most So Severe Wounds Are Broken in Adjoining Buildings at Bayonne Woman Among Dead.

By Associated Press.

BAYONNE, N. J., Jan. 18.—Two persons were killed and more than 10 injured in an explosion and fire in the plant of the Bellows, Litch company here today. Two children, bodies apparently blown through a window of the plant, were found beside the tracks of the Central railroad near the factory. One apparently was that of a woman. Firemen worked desperately to check the flames, and rescue others who might be inside the building. The injured persons were taken to the Bayonne hospital.

Fifteen persons were inside the small building when the explosion occurred. Instantly the structure was wrapped in flames. Several nearby buildings were saved by prompt arrival of the fire apparatus.

The fire was caused by the ignition of films which flared up in a blast that shattered windows in the vicinity.

Populace Arms and Is Prepared to Deal Roughly With Miscreants if Caught.

By Associated Press.

CINCINNATI, Jan. 18.—While residents of central Covington, Ky., across the river from Cincinnati, alarmed by the frequency of mysterious fires in the neighborhood, were preparing to deal roughly with the trouble, believed to be responsible, the 17th day which 10 days broke out late last night.

Deputy State Marshal North and detectives, who are making an investigation, discovered in a stable what they believe to be the base of supplies, including a large bucket filled with oil-soaked waste of the same type that has been found at the scene of many of the fires.

Many residents are thoroughly aroused and are carrying revolvers to guard against the incendiary.

COSSACKS IN REVOLT

Return French Fire With Fatal Effect After Disarming Others.

By Associated Press.

CONSTANTINOPLE, Jan. 18.—French black troops turned their machine-guns on mutinous Cossacks of General Wrangel's former army encamped at Tocatli 25 miles north-west of Constantinople. Saturday night, after Cossacks had disarmed their officers.

The Russians returned the fire, killing 10 Cossacks and wounding 20 others and two French officers.

NO RESERVATIONS

To Be Made By Phone For Pullman Berths and Chairs.

By Associated Press.

ALTOONA, Jan. 18.—New orders regarding Pullman reservations, have been issued by the Pennsylvania railroad.

Ticket agents have been authorized to refuse to make reservation by telephone in cases where the person calling lives a long distance from the ticket office or where a deposit is made.

Night Watchman Injured.
John Reimice, employed by the Davis Coal company at Bruner Run, fell off a dock while engaged in his duties as night watchman last night and injured his hip. He dropped 22 feet. The man was brought to the Cottage State hospital this morning.

Arrests in Bomb Explosion.
PHILADELPHIA, Jan. 18.—Seven men were arrested in connection with the explosion of a bomb which killed two men last night in a garage of the Quaker City Traction company. All were discharged at a hearing today for lack of evidence.

Wounded by Thugs.
Henry Morbee, a mine of South Brownsville, is in the Brownsville General hospital, suffering from a bullet wound in the left shoulder, received early today when he was held up by two negroes.

FAUBEL ENTERTAINERS

Program of Readings and Music Will Be Given Friday.

Another number of the high school entertainment course will be presented Friday night. The Faubel entertainers will be here that evening and present a program varied with character readings, monologues, musical numbers and readings.

Clarence Faubel, head of the company is especially strong in rural, Swedish, Italian, Irish and Scotch dialects, and has an exceptionally successful record as a platform entertainer.

J. B. Leabart Ill.
J. B. Leabart, well known resident of Connellsville, is ill of pneumonia at his home in Highland avenue.

FEDERAL TROOPS IN ALABAMA COAL FIELD UNLIKELY

United Mine Workers Send Appeal For Them to White House.

By Associated Press.

WASHINGTON, Jan. 18.—A request that federal troops be sent into the coal mine strikes district in Alabama to replace the national guard has been received by the White House from the United Mine Workers of America.

The request was referred to the War Department and it was said that officials there had decided that the request for federal troops should come from the governor if the situation was such as to warrant their presence.

State Militia in Control of Situation About Jasper, He Holds; Request Received by President to War Department; Charges Made by U. M. W.

By Associated Press.

WASHINGTON, Jan. 18.—Governor Kirby said today the state militia was able to cope with the strike situation in the Alabama coal fields and that he was not disposed to entertain a request to ask for federal troops.

JASPER, Ala., Jan. 18.—State troops were on guard in the court room here today when the grand jury hearings were resumed in connection with the lynching of William Barlow, a coal miner. Eleven members of the Alabama National Guard have under arrest in the case and two guardsmen, Guy Cannon and Chase Springer, were brought from Birmingham today under military escort to appear before the grand jury.

Assistant Attorney General Wilkerson, in charge of the case for the state, said the grand jury would not complete its investigation for 24 hours. Previously it had been expected indictments would be returned today. The coroner's jury also is still in session.

INDIANAPOLIS, Ind., Jan. 8.—According to a statement official of the United Mine Workers were not surprised to learn that 10 soldiers of the Alabama national guard had been arrested at Jasper in connection with the killing of William Barlow, a coal miner. Barlow was being held on a charge of murdering a member of the militia.

INDIANAPOLIS, Jan. 18.—Charges that state troops held in the coal fields near Jasper are there for no other purpose than to break the strike of miners are made in a statement issued by the United Mine Workers.

SEAL SALES \$1,852

Figure Is Named in Preliminary Report to Culture Club.

A preliminary report of the sale of Red Cross Christmas seals in the Connellsville district, given yesterday afternoon at a regular meeting of the Women's Culture club by Mrs. J. B. Marlett, showed on hand a sum of \$1,852.08, more than double the amount derived from the campaign in 1919.

Health head sales of which Mrs. Meyer Aker was treasurer, are included in the report. Mrs. Marlett was chairman of the sale.

FAUBEL ENTERTAINERS

Program of Readings and Music Will Be Given Friday.

Another number of the high school entertainment course will be presented Friday night. The Faubel entertainers will be here that evening and present a program varied with character readings, monologues, musical numbers and readings.

Society

Show-Kregar.

The marriage of Miss Gladys Show, daughter of Mr. and Mrs. L. D. Show, of Confluence, and John Kregar, son of Mr. and Mrs. Fred Kregar, of the same place, was solemnized Sunday at noon at the Lutheran church. The ceremony was performed by the pastor, Rev. C. W. Baker. Many friends of the couple were in attendance. The bridegroom is engaged as a barber in Uniontown, where they will reside. They left following the ceremony for Baltimore and other eastern cities for their honeymoon.

Club Diseases Art and Artists.

An interesting program on "American Arts and Artists" featured the semi-monthly meeting of the Women's Culture Club held yesterday afternoon in the Carnegie Free Library. Mrs. W. O. Schomberg, club president, was the featured speaker. She gave a talk on "The Art of the Book," based on Joseph Pennell's book, read at the annual meeting of the American Federation of Women at Detroit, Mo., in 1919. A paper on "Pittsburgh in the Art World," by Mrs. Mary E. Bussell and "Art in the Schools," by Mrs. William B. Schomberg, concluded the program. The next meeting will be held Monday afternoon, January 21, in the Carnegie Free Library auditorium. A program on "Education and Library Extension" will be carried out. Mrs. Frank W. Wright is leader.

Will Attend Social Conference.

Mrs. J. B. Marlett left this morning for Philadelphia to attend the annual conference of the chairmen of the Christmas social committees to be held at the Adelphi Hotel tomorrow and Thursday. This evening she will attend the eighth annual public meeting of the Public Charities Association of Pennsylvania. She expects to return home the latter part of the week.

Attend Music Club Meeting.

Mrs. William H. Krickman, Mrs. Elizabeth Anderson, Mrs. Marion and Mrs. Pearl Krick, all of this place, and Mrs. R. L. Critchfield of Cumberland, who is the guest of her mother, Mrs. D. P. Brown, attended the regular meeting of the Monday Music club, held last evening at the home of Mrs. J. M. Zimmers at Scottdale.

My Sister-Corner.

Ennie May Miller of this place and Ashton H. Miller of Gleason, W. Va., were married in Cumberland.

Faucywork Club to Meet.

The regular meeting of the Vanderbilt Farcywork club will be held tomorrow at the home of Mrs. M. J. Neal at Juniata.

Goetz-Hirshal.

Rudolph Hirshal and Louise Goetz, both of Mount Pleasant, were granted a license to wed in Greensburg.

Farwell Dinner Given.

Covers for six were laid at an informal dinner held in the office of E. R. Kooser, assistant general superintendent of the West Penn Railways company, on Saturday afternoon. The dinner was a farewell to Miss Isabella Stafford, a clerk in the auditing department who was transferred to Pittsburgh, the change becoming effective yesterday.

Licensed at Cumberland.

Lloyd R. Sawyer, Somerset, and Mildred K. Wise, Buffalo Mills; Calvin R. Rosenberger and May K. Vittore, both of Brownfield; Joseph N. Patton and Olive S. Oiler, both of Sculliton, and Elvan Pocat and Helen Elliott, both of Brownsville, were licensed to wed at Cumberland.

K. L. Cabinet Meets.

All members attended the regular meeting of the K. L. League Cabinet of the First Methodist Episcopal church held last evening at the home of Mr. and Mrs. E. E. Siger in East Franklin. Plans for the next two months were discussed and at the close of the business meeting refreshments were served.

Granted Marriage Licenses.

Joseph D. Mario of Dunbar and Anna Kinnear of Confluence, and Francis Whoolery and Grace Van Sickle, both of Hopwood, took out licenses to wed in Uniontown.

P. H. C. Meeting.

The regular meeting of the Liberty Circle, P. H. C., will be held tomorrow evening in Odd Fellows' Temple. A large class will be initiated by the ladies' degree team. Officers for ensuing year will be installed, with State Deputy M. C. Cochran at Altoona and District Deputy Maude Crockett in charge. Visitors from Uniontown, Mount Pleasant and other circles are

TWO-PIECE DRESS FOR A LITTLE MAID

She is warm in her brown corduroy tunic that is finished with tan kid at neck, sleeves and pockets and belted also. Underneath, she wears a smart tunic skirt, gay with brown, green and yellow. The skirt hangs on a separate body and the tunic is a slip-over affair.

expected. At the close of the meeting a lunch will be served.

Spiker-Show.

Miss Nellie Spiker, daughter of Mr. and Mrs. D. D. Spiker of Bruceton, W. Va., and Samuel Show, son of Mr. and Mrs. Dennis Show of Brownfield, were married Saturday in Greensburg. Rev. Truxal of the Methodist Episcopal church of that place officiated. The bride was formerly employed by the Union Supply company and the bridegroom is in the employ of the H. C. Frick Coke company.

Golden Wedding Anniversary.

About 50 relatives and friends of Mr. and Mrs. W. L. Robbins called at their home in East Crawford avenue yesterday afternoon and last evening between the hours of 3 and 9 o'clock, to congratulate them upon their golden wedding anniversary. Refreshments were served and a very pleasant time was had. Among the out of town relatives of Mr. and Mrs. Robbins present were their three nieces, Mrs. William C. Black, Mrs. George E. Higgs and Mrs. Ada Foster, all of Uniontown; Mrs. Lillian Murray of West Newton and Mrs. John Bishop of Versailles.

PERSONALS.

HE DARKENED HIS GRAY HAIR

Tells How He Did It.

Mrs. J. A. McCrea, a well-known resident of California, who was called Daddy and Grandpa on account of big white hair, and who darkened it with a home-made mixture, recently made the following statement:

"Anyone can prepare a simple mixture at home that will darken gray hair, and make it soft and glossy. To a half-pint of water add one ounce of bay rum, a small box of Barbo Compound, and one-fourth ounce of glycerine.

"These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. It does not color the scalp, it is not sticky or greasy, and does not rub off."

Havana, Cuba.

The Grim Reaper

JACKSON CRAGO.

Jackson Crago, a life-long resident of Fayette county, died Monday at his home at Massontown. He lived in both the Smithfield and Massontown neighborhoods. His wife died about 20 years ago. The following children survive: Eli, McClellandtown; George, Hopwood; William, Lakesiding; Elizabeth, Fairmont, W. Va.; Mrs. Helen Hagar, Howard and Louis Crago, Brownsville; Charles, Annie and Beulah Crago, at home.

Funeral services will be held at the Brethren church at Massontown tomorrow afternoon at 1:30 o'clock.

LEWIS W. SIMPSON.

Lewis W. Simpson, 84 years old, died Monday at the home of his daughter, Mrs. Justin M. Kunkle in Uniontown of paralysis. Mr. Simpson moved to Uniontown 15 years ago and for many years was employed by the H. C. Frick Coke company. Prior to locating in Uniontown he was yard boss at the Standard works. He was a veteran of the Civil War.

JAMES BLAKE.

James Blake, colored, steward at the Eagle's club, died this morning at his home in Meadow lane of pneumonia.

It's Good for Children.

Mrs. C. E. Schwan, 1907 14th St., Canton, Ohio, writes: "We use Foley's Honey and Tar for coughs and find it one of the best remedies on the market, especially good for children's coughs, as it does not contain any drug that is harmful." Serious sickness often follows lingering colds. Hard coughing racks a child's body and disturbs strength-giving sleep, and the poisons weaken the system so that disease cannot be ward off. Take Foley's in time. Sold everywhere. Adv.

In Loving Memory.

Of Jay W. Schindler, who died January 18th, 1919.

Dear, in the grave where our loved one lies, we lay our hearts.

Sweet, in the memory that never shall fade.

Rosary may wither, roses fade and fall.

Others forget, never will I.

Father, mother, brother, sister.

Adv-18-11.

Card of Thanks.

We take this means of thanking our many friends and neighbors for their kindness and sympathy extended during the illness and death of our beloved wife and mother, Mrs. Gertrude Rude. Especially do we wish to thank those who sent floral tributes and the choir. J. C. Rude and daughter, Mrs. Robert Snyder. Adv-18-11.

Young Filled With Mush Ice.

CANNED CHICKEN—DELICIOUS DISH

Cheaper and Easier to Can Surplus Fowls Than to Feed Them Until Wanted.

EXCELLENT FOR EMERGENCIES

Two-Year-Old Hens Are Much More Desirable Product Than Six-Month-Old Chickens—Tests Made by Experimental Kitchen.

A veritable friend in need to the busy housewife is canned chicken. A few jars of it on the storeroom shelf, which may be quickly converted into a delicious dish when unexpected company comes or when other emergencies arise, give the housekeeper a sense of preparedness. From an economic point of view, canning the surplus of the flock is an excellent

Serving the Leg From the Body at the Saddle Joint.

practice, as it is cheaper to can the birds than it is to feed them until they are wanted for the table. Nor is it necessary to have young chickens for cannizing, for the older birds have superior flavor and quite as good texture as the younger ones. Two-year hens make a much more desirable canned product than a six-month-old chicken. The best products were obtained from plump, well-fed hens in tests recently made by the Experimental Kitchen of the United States Department of Agriculture.

How the Canning is Done.

To prepare the bird for canning, it should be carefully plucked and all pin feathers removed; it should be then singed and washed in water in which a small amount of baking soda has been dissolved. Remove the entrails, cut the meat into pieces as for frying, and carefully wash each piece in cold water. The giblets and excess intestinal fat should not be put into the jars. The chicken may be partially cooked before being placed in the jar, being either browned in fat or stewed, but the best results have been obtained when the uncooked chicken was packed into the jars. The jars may be filled with hot water or broth, or the meat may be canned without the addition of liquid. The best product has resulted when no liquid or only a small quantity (about 2 table-spoons to a pint jar) was added. The meat in jars to which no liquid was added has kept as well as that in jars filled with liquid, and has possessed a superior flavor. The following method is, therefore, recommended by the Experimental Kitchen.

Place the pieces in pint jars. As much as a pound of chicken can often be packed into a pint jar. Two chickens weighing, before dressed, a little over 4 pounds each, when cut up for canning will fill five pint jars. For example, jar 1 may contain a thigh, leg, fillet of breast, and saddle; jar 2, a neck, wing, leg, fillet of breast, and two wish-bones; jar 3, a saddle, neck, thigh, and fillet of breast; jar 4, a wing, leg, thigh, and bre. 2 bones; jar 5, a fillet of breast, thigh, 2 wings, and a leg. When the meat has been packed into the jar, add a half teaspoon of salt to each, partially seal, and process.

If a water-bath outfit is used for the processing, set the jars on a rack at the bottom of a wash boiler with sufficient water to come 2 inches above their tops. Process pint jars continuously for six hours after the water begins to boil. Seal the jars quickly upon removing from the boiler, or if glass-topped jars, fastened by a spring are used, force the spring into position while the jars are still unsealed. After canning, invert the jars to test for leaks while cooling.

Reduces Time of Process.

If a steam-pressure cooker is used the length of time can be greatly reduced. Fifteen pounds' pressure for one hour has been found a safe and satisfactory period.

Chicken canned in either the water bath or pressure cooker is a desirable product, comparing very favorably with fresh chicken when used for chicken salad, creamed chicken, chicken stew, chicken pie, or for soup and baked dishes.

The chicken in a pint jar is sufficient to serve six persons when the meat is prepared in any of the ways mentioned.

Bumstead's Worm Syrup

"To children are a great deal of money." Where directions are followed, it NEVER FAILS. It is a natural, safe, and effective remedy for all cases of worm infestation. It contains full dose. Read six years' test. Sold everywhere or by mail, 50c a bottle. M. D. Philadelphia. Adv. C. A. Voorhees, M. D. Philadelphia.

MYSTERY MAN SAYS HE CAN CLEAR UP W. O. BRUCE DEATH

South Connelleville, Man Not Suleide But Murdered, Declares, Khaym at Arcade Theatre.

Packed houses greeted Khaym, the mystery man of India, at the Arcade theatre yesterday. The demonstrator, who is here for a week, was asked some personal, some of interest to the entire community. He says he does not pass any question and that if put to a severe test, would get a reply before he would sleep a wink for a week.

Khaym is a very interesting talker. He is a firm believer in his work. It is for the purpose of relieving troubled minds that he is here on earth, he believes, and for that reason makes the tours of theatres in all countries.

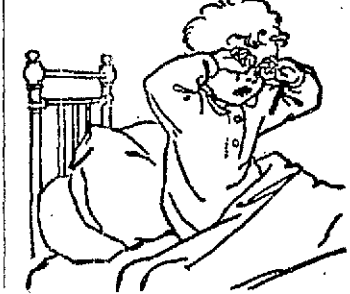

A matter of interest at his demonstration—Khaym says it is a mistake to call his part an act—was the reference to the finding of William H. Bruce dead in a field at South Connelleville. A coroner's jury determined suicide was the cause. Khaym says Bruce was murdered. Asked in an interview whether he intended to carry the case further, he said that it all "depended." His business is not to aid the city authorities, he said, they being hired for such work, but before he would allow the people of Connelleville to call him a fakir he would clear up the case.

Khaym predicted the freedom of Ireland would come on the 10th day of the 10th month of this year. He also predicted an association of nations, not the League of Nations as it now stands, in which America will be a member.

The mystery man believes in reincarnation. He believes that every one is on earth with a mission to fill and that after death the astral spirit goes from the body to an astral plane. There it remains forever if the mission for which it was placed on earth is fulfilled. An unfulfilled mission, however, will necessitate the return of the astral spirit to this earth in 200 years, it attaching itself to a human form and again endeavoring to accomplish its mission. Khaym is at the Arcade throughout the week.

Knickerbockers and Pettibockers

It is not unlikely that knickerbockers and pettibockers ultimately will replace petticoats for wear with dress, and there are several reasons why they should. They allow greater freedom in walking, gaiters or less dust, wear longer, and pettibockers may be adjusted to suit any length of skirt. Both these very practical garments will be featured in the annual displays of underthings as soon as Christmas shopping is over. Besides being practical they have been made up attractively, many of them in rather heavy wash satin and silk, a bright color for the knickerbockers, and a darker shade for the pettibockers. They are adjusted about the waist by a button band run in a casing, or hem, and the top, and elastic bands confine them below the knees so that there are no buttons and buttonholes or draw-tops in them.

The same silks used for pettibockers make pettibockers like those shown in the picture. The addition of one wide band or several narrower ones, that cover the legs below the knees, transform knickerbockers into pettibockers, and these dresses give the effect of a petticoat in walking. The silks are usually knitted-plaid and silk with stripes or bars in bright colors is used for making them.

By contrast with underdresses, knickerbockers are very plain, being innocent of lace or tucks or embroidery; but make up for this lack of ornamentation by their pretty and vivid colors, of which pink, turquoise, tan, blue and flesh, are favorites.

FORTIFY AGAINST DANDRUFF WHEN DANDRUFF COMES IN HAIR GOES OUT

The fore-runner of most hair troubles is dandruff, and it is trouble enough in itself. You can feel it with your fingers, so of course it is in plain view of others. So it is that dandruff and its germ, not merely dust, is to be combated. Soap and water alone can't do it. Leading hair dressers everywhere accept this fact. A clean, healthy scalp is made possible with Crudoleum. The Connelleville Drug Co. and the Broadway Drug Co., Scottsdale, who are authorizing to return your money in you are not satisfied, send a large half pint bottle for 35c. Millions of germs breed in the scalp; they are the chief cause of dandruff and falling hair. Don't experiment; we have done that for you.

Ask Your Barber for a "Crudoleum Shampoo."

Relief comes the instant Dill's Digesters reach the stomach. Don't buy tablets you have to dissolve. Ask for Dill's Digesters at drug stores—25 cents. Made by Dill Company, Norristown, Pa., makers of Dill's Balm of Life.

HUNDRED TWENTY FOREST GUIDES IN FAYETTE COUNTY

Organization Is Recruited from Among Scouts Under Direction of State Forestry Service.

HARRISBURG, Jan. 18.—Gifford Pinchot, the state's chief forester, has announced that 120 Boy Scouts in Fayette county have registered as forest guides. The boys have signed pledges to protect and conserve the forests, together with their wild life and plant life, and to prevent and extinguish forest fires.

The Pennsylvania Department of Forestry is supplying free buttons to all forest guides, and a copy of the "Boy Scouts First Book of Forestry," issued by the Department of Forestry, is also given to each of them.

The forest guide organization was started in October by Forester Pinchot and Solan L. Parker, scout executive of Reading. Mr. Parker has been named chief forest guide of Pennsylvania.

COAL DUST LODGED IN MINER'S LUNGS

Tells How His Cough Was Conquered and Health Restored.

"In November, 1910, I was working in a coal mine and the doctor said the coal dust had settled in my lungs. I couldn't lie down on my right side, couldn't sleep and had constant pain in my right lung and under my shoulder blades. I coughed so hard the blood would spit out of my nose. Finally the doctor had me change climate and live outdoors, but didn't improve."

"Then I came home and started on Mils Emulsion. Thank God I did, as it did me a lot of good right from the start, loosening up the coal dust in my right lung. In a few weeks my lungs were free. I could sleep like a baby, had an excellent appetite, and my cough left me entirely. I gained back 40 pounds in weight and went back to work in the mines completely restored to health."—C. H. Kuntz, 11th Ave. and No. 12th St., Terre Haute, Ind.

"Thousands of victims of dust-filled air develop the same trouble that Mr. Kuntz had. Mils Emulsion costs nothing to try, so why not at least try it? Mils Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and cathartics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Mils Emulsion is strongly recommended to those whose weakness has weakened, and is a powerful aid in restoring and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved."

"This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. No matter how severe your case, you are urged to try Mils Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 75c and \$1.50 per bottle. The Mils Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv."

LUMPS OF INDIGESTION

"Pape's Diapysin" at once
fixes your Sour, Gassy,
Acid Stomach

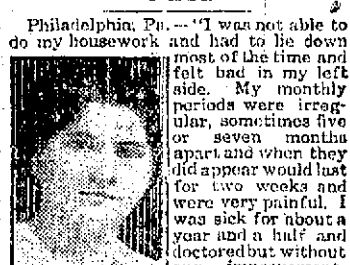

Undigested food! Lumps of pain; belching gas, acids and sourness. When your stomach is all upset, here is instant relief—no waiting. The moment you eat a tablet or two of Pape's Diapysin all the indigestion pain and dyspepsia distress caused by acidity is relieved.

Your disordered stomach will feel fine at once.

These pleasant, harmless tablets of Pape's Diapysin neutralize the harmful acids in the stomach, and give almost instant relief; besides they cost so little at drug stores.—Adv."

AN OPEN LETTER TO WOMEN

Mrs. Little Tells How She Suffered and How Finally Cured

Philadelphia, Pa.—"I was not able to do my housework and had to lie down most of the time and felt bad in my left side. My monthly periods were irregular, sometimes five or seven months apart and when they did appear would last for two weeks and were very painful. I was sick for about a year and a half and doctored but without any improvement. A neighbor recommended Lydia E. Pinkham's Vegetable Compound to me, and the second day after I started taking it I began to feel better and I kept on taking it for seven months. Now I keep house and perform all my household duties. You can use these facts as you please and I will recommend Vegetable Compound to everyone who suffers as I did."—Mrs. J. S. Little, 3455 Livingston St., Philadelphia, Pa.

How much harder the daily tasks of a woman become when she suffers from such distressing symptoms and weakness as did Mrs. Little. No woman should allow herself to get into such a condition because such troubles may be speedily overcome by Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been restoring American women to health.

RESULTS TELL

There Can Be No Doubt About the Results in Conneltsville.

Results tell the tale. All doubt is removed. The testimony of a Conneltsville citizen.

"Can be easily investigated. What better proof can be had?"

Mrs. D. E. Glass, 304 E. Gibson St., says: "Last winter I became in a run down condition. My kidneys were disordered and caused me a lot of trouble. My back ached steadily, making me very weak and I was nervous. I also suffered from headaches, spells of dizziness and was tired and worn out all the time. I had previously cured my little daughter of a severe case of kidney trouble with Doan's Kidney Pills, so I took them. They entirely rid me of the trouble. I am never without Doan's Kidney Pills and think there is nothing like them."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Glass had. Foster-McMillan Co., Buffalo, N. Y.—Adv."

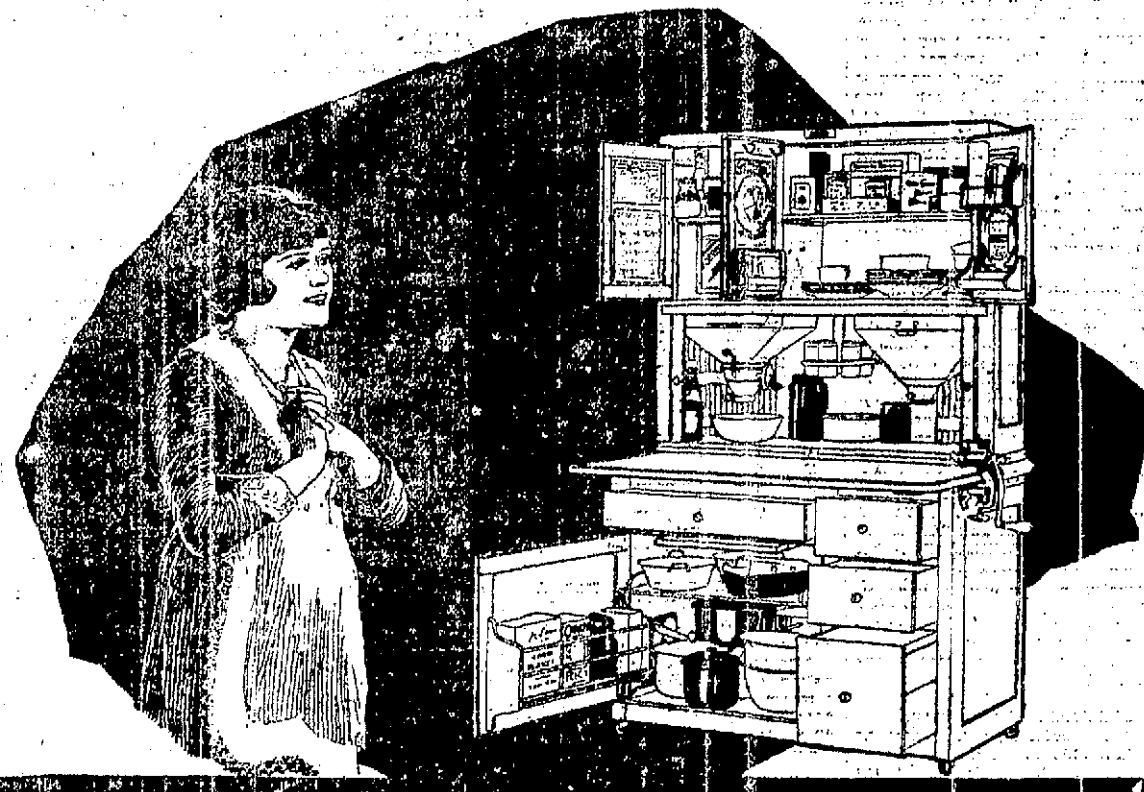

Cut This Out—It Is Worth Money. Cut out this slip, enclose with 5c and mail it to Foley & Co., 2535 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley Kidney Pills for pains in sides and back; rheumatism, backache, kidney and bladder ailments; Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic for constipation, biliousness, headaches, and sluggish bowels. Sold everywhere.—Adv."

Bed Cough and Croup Cured by Chamberlain's Cough Remedy. Several years ago C. D. Glass, Gardiner, Mo., contracted a severe cold and cough. He tried various medicines but instead of getting well he kept adding to it by contracting fresh colds. Nothing he had taken for it was of any permanent benefit until a druggist advised him to try Chamberlain's Cough Remedy. He says "I was completely cured by this remedy and have since always turned to it when I had a cold and soon find relief."—Adv."

Mrs. C. H. McCormick Dead. CHICAGO, Jan. 17.—Mrs. Cyrus Hall McCormick, wife of the chairman of the board of directors of the International Harvester company, died in a hospital here today.

NEWS OF THE DAY AT MT. PLEASANT BRIEFLY RELATED

since at Armory Under Auspices of American Legion Post.

10 BALL GAMES FRIDAY NIGHT

One Will Be Between Superiors and Duquesne Scholastics, Preliminary Between East Huntingdon and Mount Pleasant High School Team.

Special to The Courier.

MOUNT PLEASANT, Jan. 15.—Capt. James Zundell Post held a dance at the armory last evening. The committee in charge was made up of John H. Snyder, James Snyder, Stewart Dill, Dr. John Burkholder, Robert G. George, Hyde, Jack Williams and the Smith. Out of town guests present from Greensburg, Scottsboro and Conneltsville. The patronesses were Mrs. G. S. Bryce, Mrs. George Teitelbaum, Mrs. W. M. Reiman and Miss Irene Hubbard.

Son in Queer Home.

Mr. and Mrs. William Queer are the parents of a son, born at the Memorial hospital on Sunday.

Basketball Friday.

There will be a basketball game at the armory on Friday evening between the Duquesne Scholastics and the Superiors. The lineup for the game will be Bobbs, Guest, Fitzpatrick, McKinney, Brown, Crusan, Gately and Wingburg. There will be a preliminary game at 7:45 between the East Huntingdon Township High and local high. The second game will be followed by a dance.

Miss Pore Entertains.

Mrs. Florence Pore entertained a number of her friends yesterday at her home in the bank apartments in honor of Mrs. Frank Hasting of Rockmart.

Mother Still Unknown.

"Joseph," the baby left on the porch of the home of Mr. and Mrs. H. Frank, 1001 Church street, Friday evening, January 7, is still at the hospital. The child has not yet been given to any family to adopt. The police yesterday discovered a "very important" which, they said, may lead to the arrest of the mother within a few days.

STORMMAN NOT LOSING ANY TIME

"I don't think anyone ever suffered more from stomach trouble and indigestion than I have. I had to lay off my work more than half the time and could get no help from prescriptions or medicine. One of my friends advised using May's Wonderful Remedy, which I found to be the greatest remedy ever put on the earth. I have not lost a day since taking it. It is worth its weight in gold." It is a simple, harmless preparation that removes the harmful mucus from the intestinal tract and always the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. A. A. Clarke and druggists everywhere.—Adv.

Obituary.

OHIOVILLE, Jan. 17.—Mrs. F. K. Bailey attended the funeral of Mrs. Clara Blair at Cumberland, Md., on Friday. The first service was held at that place. Mrs. Blair had died, but later this was found to be erroneous.

Mr. and Mrs. John Schaefer left Saturday to visit in Conneltsville.

Mrs. Samuel Rowe and son, James, of Hunker are spending a week with the former's parents, Mr. and Mrs. Harvey Morrison.

Miss Margaret Close of Uniontown is spending a short visit here.

Mrs. John Stewart and children were visitors in Conneltsville Saturday.

A son was born to Mr. and Mrs. Leand Woodman on Wednesday evening.

Mrs. R. A. Marshall of Duquesne is the guest of her parents, Mr. and Mrs. M. Rafter.

Among the Conneltsville callers Saturday were A. F. Wolfe, A. A. Corristan, Elmer Wolfe, Thomas Burnet, George Morris, Wayne Shaw and Mr. and Mrs. O. White.

Mrs. Jesse Wolfe was a Conneltsville caller Saturday evening.

William Ramsey was a recent Dawson visitor.

LOST SLEEP WITH PIMPLES

Scattered All Over Face.
Cuticura Healed.

"I had pimples on my face and they were hard, red, and were scattered all over it. The itching and burning were so severe that I scratched and irritated my face, and I lost a considerable amount of sleep. I used many ointments but they were all failures. Then I sent for a free sample of Cuticura Soap and Ointment. I bought more, and used four cakes of Cuticura Soap and two boxes of Cuticura Ointment and I was healed." (Signed) Peter Ferrese, 417 Moreland St., Dunmore, Pa., July 21, 1920.

Cuticura Soap, Ointment and Talcum powder promote and maintain skin purity, skin comfort and skin health often when all else fails.

Sample sent free by Mail. Address: "Cuticura Laboratories, Dept. 5, Malden, Mass. Sold everywhere. Soap 25c, Ointment 15c, Talcum 10c. Cuticura Soap shaves without pain."

SUFFERER FROM WEAKNESS TOOK SOME HYPO-COD

Found It Ideal in Her Case and Tells of Being Relieved.

MANY MEDICINES
TRIED HAD FAILED

"I suffered from weakness and a soreness all over, so after hearing people say that Earle's Hypo-Cod was so good I decided to try it and I found it very good."

"Through the use of Hypo-Cod I can do all my own housework and am not bothered with weakness, soreness or anything. I wasn't fit for anything before taking Hypo-Cod, now I can go out and have all kinds of enjoyment. I recommend Hypo-Cod because I think it very good for anyone that suffers from weakness, or nervous breakdown, because it has helped me very much. I doctored and took all kinds of medicines and found that Hypo-Cod helped me more than anything else," declared Mrs. Andrew Foth of Hazard, Pa.

Give nature half a chance and she will ward off sickness, coughs and cold, but if through overwork, sickness or strain the system becomes weak and run down, you should at once put the health back to normal so nature will have a chance.

Keep toned up and you need have little fear of sickness. Keep the whole family toned up. It's lots cheaper than doctor bills. Earle's Hypo-Cod puts a person back on their feet days and weeks sooner. You'll be delighted. Get a couple bottles at your druggist tonight.

Earle's Hypo-Cod is sold here by all good druggists and the leading druggists in all nearby towns.—Adv.

HAVE COLOR IN CHEEKS

Be Better Looking—Take
Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are purely vegetable compounds mixed with olive oil. You will know them by their olive color. To have a clear, pinkish, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and remove constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

A Woman's Recommendation.
Mrs. D. T. Tryor, Franklin Ave., Otsego, O., writes: "Nine years ago I was very much afflicted with kidney trouble. I bought different kinds of medicine, but all to no effect, until one day I bought a box of Foley Kidney Pills. I realized so great a benefit from the use of these pills that I feel safe in recommending Foley Kidney Pills to any kidney sufferers. They relieve backache, sore muscles, rheumatic pains and bladder ailments. Sold everywhere.—Adv."

When You Are Billaous.
To promote a healthy action of the liver and correct the disorders caused by billiousness Chamberlain's Tablets are excellent. Try them and see how quickly they give you a relief for your food and banish that dull stupid feeling.—Adv.

Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form druggists will refund your money without question.—Adv.

How to Make Pine Cough Syrup at Home

Use no special or prompt results. Take but a moment to prepare, and save you about 5¢.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and sugar. The "syrup" part is usually plain sugar syrup. To make the best pine cough remedy there is, you can buy, but 2 1/2 quarts of Dime in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the price.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—irritated membranes—and the Pine and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial ailments, whooping, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Pinex, pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., St. Wayne, Ind.

COUGHING SPELLS

Stop Them Before The Inflammation Becomes Dangerous

Coughing is far worse than merely annoying to the person afflicted and everybody else within hearing distance. It means that the membranes of the throat and lungs have become raw and inflamed. Besides weakening you, it exposes the system to dread diseases like Pneumonia and Diphtheria.

Take no chances with a cough. Bathe the throat and chest with warm water and dry thoroughly in order to get the pores well open. Apply Krew-Pine and work in by brisk rubbing—it will not blister. Melt a little in a pan over a fire and inhale the medicinal vapors. Repeat these applications until relieved.

Krew-Pine is the tremendously successful household ointment, prepared by a scientific formula from harmless home remedies, including Oil of Pine, and other volatile oils, in a petroleum base. Use as directed in cases of bronchitis, croup, tonsillitis, rheumatism, soreness, bruises, cuts, scalds, bites, etc. Home remedies, including Oil of Pine, at your druggist's—30c and 60c jars.

Free Sample Krew-Pine WILL BE SENT TO ANY ADDRESS ON REQUEST. THE KREW-PINE CO., INC. WAYNESBURG, PA.

Hunting Bargains? If so, read our advertising columns. You will find them.

Better than Pills

YOU WILL NEVER wish to take another dose of pills after having once used Chamberlain's Tablets. They are easier and more pleasant to take, more gentle and mild in their action and more reliable. They leave the bowels in a natural condition, while the use of pills is often followed by severe constipation, requiring a constant increase in the dose. Every bottle guaranteed by your druggist.

SHARKS BEAT RAIDERS AND RETAIN LEAD IN B. & O. "Y" LEAGUE

Wonders Also Win, Defeating
the Terrors; "Y" Juniors
to Play Uniontown.

COKERS LEAD W. P. I. A. L.

In a game that was slow at the beginning but which developed into a speedy battle before the end of the contest, the Sharks defeated the Raiders in the boys league at the Baltimore & Ohio yesterday afternoon, 14-12. The game ended 11-11 and in the extra five-minute period the boys traveled at top speed. Wingrove scored a basket for the Sharks, however, and also dropped in a foul which placed his team ahead of its opponents who for a time had evened up at 12-12 when Saylor also shot a foul.

The Sharks led by a score of 7-4 at the end of the first half, but the Raiders slowly closed this in the second period. The defeated team, however, was not up to its standard of play and the Sharks, who have as yet been undefeated kept the ball moving.

The score:
SHARKS-14 RAIDERS-12
Kessler F Long
Noland F Hawley
Wingrove C Snyder
Welsh G Clarke
O'Donnell G Carter

Field goals—Wingrove 3, Noland, Welsh, Hawley, Snyder.
Four goals—Wingrove, 3 out of 5, Noland, 1 out of 5, Kessler, missed 1, Welsh, missed 1, O'Donnell missed 1, Snyder, 7 out of 12, Clarke 1 out of 2.

Referee—Driscoll.
The second game of the afternoon resulted in a victory for the Wonders. The Terrors, which team turned to individual style of play in the second half, were beaten 14-8. The game was hard fought. The first half ended with the small score of 4-1. In the last period the Wonders began to find the basket and hopes of the Terrors who played without Captain Langkne were dashed.

WONDERS-14 TERRORS-8
D Trump F Fois
Hawley F K Long
Wells F Hink
Cummins G Lambertson
Stummel G DeLoach
Field goals—D Trump 3, Lambertson 2, Hink 1, Wells, 1 out of 3, K Long 2 out of 3, Fois missed 1, E Trump missed 1.

Referee—Driscoll.
Raiders didn't have their smooth teamwork of last Friday which was a big factor in the victory of the Sharks.

Ludie Noland's team is a good one, though.

Too much individualism spelled defeat for the Terrors.

There will be another hard game Wednesday, when the Raiders and Ringers clash.

High school goes to Norwith tonight. The game counts in the standing of the W. P. I. A. L. league. At present Connellsville holds first place in this section, Scottsdale being second. Neither team has lost any games but the Cokers have two wins and Scottsdale only one.

Norh Braddock, another league team will play here Friday afternoon. The game will be called at 4 o'clock. McKeesport is the attraction here Saturday night.

The American Legion team will open its season Friday night. A game has been arranged with the Army club to be played at the armory. Monday Harry Mason finally has prospects of a good team of soldiers, although the outlook as the first of the season was not bright.

The "Y" team is after a game at Rockwood for Thursday night. The team will probably get to make the trip.

It will be soldiers versus ex-soldiers when the Army and Legion teams meet Friday.

The Y M C A Juniors will play their first game at the "Y" Saturday afternoon. The team of Boy Scout Troop No. 3 of Uniontown will be the opponent. The game will start promptly at 4 o'clock.

STANDING OF THE TEAMS IN W. P. I. A. L. TO DATE

CHANGES ARE IN VIEW AT YALE FOR FOOTBALL SEASON OF 1921

DR. AL SHARPE

Though the return of Ted Jones as head coach at Yale is generally favored, the question of the coaching system will be thoroughly aired by the faculty and football committee before any appointment is made. Some general changes will be ordered as well as some modifications of Jones' plan, as carried out the past season. Some of the faculty think that the expense of the coaching system has grown too great, that the president should be too large and that Jones allowed the past two years should in the past year period of economy and thrift be omitted in the future. Others think that with the big debt incurred by the construction of the new gymnasium should be arranged to allow the public to witness the Yale team against top notch rivals instead of providing disappointment when the Harvard Princeton game finds the general public unable to secure tickets.

Still others think that if Jones is reappointed he should be present at the spring practice and during the

summer work if any is ordered. He did not take charge of the squad (the September 7 last fall) and the poor work of the team in the fundamentals was by some critics attributed to the fact that he was not present during the spring work. Not in fact his story has told 1-1 so poor a team in tackling and handling.

Ted's possession of the complete and admiration of the majority of the body and the alumni and the fact that he has been in the shipbuilding business for three years and out of constant football is not regarded as them as indicating that his coaching cleverness has been affected.

Dr. Al Sharpe is still retained as director of athletics and a loud protest would go up from the undergraduates and alumni if he were to be relieved. He is not likely to be reappointed head football coach, however, even if Jones is not reappointed. He has offers from several other colleges and it is uncertain whether he will accept one of them to resume active football coaching or will remain athletic director.

123 KILLED IN INDUSTRIES OF COUNTY IN 1920

Mines Claim Greater Number
Toll in Them Being 91.

OVER 2,500 IN STATE

Bureau of Workmen's Compensation
Records Show 1,900 Fatalities
Among Miners, 650 in Public Service
Works and 920 in Other Plants.

Special to The Courier.
JANESBURG, Jan. 18.—Payroll county industrial workers were victims of 123 fatal accidents during 1920 according to figures issued today by Dr. Clifford B. Connelley, commissioner of the Pennsylvania Department of Labor and Industry.

Of that number 11 were killed in manufacturing plants; 12 in public service work and 98 in mines.

Throughout the state there were 2,528 fatalities suffered by workmen during the last year. One thousand and nineteen miners were killed; 580 of the persons fatally injured were employees of public service corporations and 920 worked in industrial plants.

The figures were compiled by the Bureau of Workmen's Compensation.

FINE REFERENCE WORK

Least of Knowledge Contained in
World Almanac.

The 1920 Presidential election returns from every state in the Union as well as the 1920 United States census population figures for every state and for every place of 5,000 or more inhabitants in this country are contained in the World Almanac for 1921. Past population and past census figures are also in the book which is a complete work of reference as to the commerce industry crops and progress of America and the whole world. The incoming Congress and all important diplomatic and other officials of this government are listed together with the names of the population etc. of all countries.

The financial and trade statistics are fully and varied all prominent deaths and events everywhere are set forth in the chronology and necrology. The sporting and weather records cover many years past. The religious statistics include all denominations. Among other notable features are a biographical dictionary, tables of altitudes, postal data, astronomical information, list of American colleges and universities, list of associations throughout the country, the big new laws of 1920, the great national highways, and a wide variety of other facts of the world. The brief summaries of presidential elections and a 1856 to date population area and debts etc. of the states and cities of the United States, tobacco, wool, silk, cotton, and other products in production and consumption. 25 page story of the Republican Democratic Socialist and other national conventions for 1920. The World Almanac is published by The New York World.

A musical farce entitled, Watch Your Husband, which is a funny story with good numbers, an wardrobe and a dandy chorus. It takes a show well worth seeing.

A Safe Cure for your Wounds is the use of our Classified Column. Try it.

nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, or of a child who is troubled with catarrh of the teeth, or of a man who is troubled with catarrh of the mouth, or of a woman who is troubled with catarrh of the tongue, or of a child who is troubled with catarrh of the lips, or of a man who is troubled with catarrh of the throat, or of a woman who is troubled with catarrh of the nose, or of a child who is troubled with catarrh of the ears, or of a man who is troubled with catarrh of the skin, or of a woman who is troubled with catarrh of the hair, mouth, or of

The Voice of the Pack

BY EDISON MARSHALL

Dan saw the door close behind him, and he had an instant's glimpse of the long sweep of moonlit ridge that stretched beneath that window. Then, all at once, seemingly without warning, it simply blinked out. Not until the next morning did he really know why. Insomnia was an old acquaintance of Dan's, and he had expected to have some trouble in getting to sleep. His only real trouble was waking up again when Lennox called him to breakfast. He couldn't believe that the light at his window shade was really that of morning.

"Good Heavens!" his host exploded. "You sleep the sleep of the just." Dan was about to tell him that on the contrary he was a very nervous sleeper, but he thought better of it. Something had surely happened to his insomnia. The next instant he even forgot to wonder about it in the realization that his first body had been wonderfully refreshed. He had no dread now of the long tramp up the ridge that his host had planned.

But first came target practice. In Dan's baggage he had a certain very plain but serviceable sporting rifle of about thirty-four caliber—a gun that the information department of the large sporting-goods store in Gettysburg had recommended for his purpose. Except for the few moments in the store, Dan had never held a rifle in his hands. The first shot he hit the trunk of a five-foot pine at thirty paces.

"But I couldn't very well have missed it!" he replied to Lennox's cheer. "You see, I aimed at the middle—but I just grazed the edge."

The second shot was not so good, missing the tree altogether. And it was a singular thing that he aimed longer and tried harder on this shot than on the first. The third time he tried still harder, and made by far the worst shot of all.

"What's the matter?" he demanded. "You're getting worse all the time." Lennox didn't know for sure. But he made a long guess. "It might be because of your lack of sleep," he said, "but I'm inclined to think you're trying too hard. Take it easier—depend more on your instincts."

Dan's reply was to lift the rifle slightly to his shoulder, glance quickly along the trigger and fire. The bullet struck within one inch of the center of the pine.

"You a long second Lennox gasped at him, in open-mouthed astonishment. "My stars, boy!" he cried at last. "Was I mistaken in thinking you were a born tenderfoot—after all? Can it be that a little of your old grandfather's skill has been passed down to you? But you can't do it again!"

But Dan did it again. If any thing, the bullet was a little nearer the center. And then he aimed at a more distant tree.

And then he snapped down in satisfaction on the breach. He turned with a look of question.

"You can only hold five shots," Lennox explained. Re-loading, Dan tried a more difficult target—a trunk almost one hundred yards distant. Of course it would have been only child's play to an experienced hunter; but to a tenderfoot it was a difficult mark indeed. Twice out of four shots Dan hit the tree trunk, and one of his two hits was practically a bull's-eye. His two misses were the result of the same mistake he had made before—attempting to hold his aim too long.

Dan and Lennox started together up the long slope of the ridge. Dan alone armed; Lennox went with him solely as a guide. The deer season had just opened, and it might be that Dan would want to procure one of these creatures.

"But I am not sure I want to hunt deer," Dan told him. "You speak of them as being so beautiful." "They are beautiful and your grandfather would never hunt them, either, except for meat. But maybe you'll change your mind when you see a buck. Besides, we might run into a lynx or a panther. But not very likely, without dogs."

They trudged up, over the carpet of pine needles. They fought their way through a thick growth of brush. Once they saw the gray squirrels in the tree tops. And before Lennox had as much as supposed they were near the haunts of big game, a yelling dog sprang up from its bed in the thickets.

For an instant she stood motionless, presenting a perfect target. It was evident that she had heard the sound of the approaching hunters, but had not as yet located or identified them with her near-sighted eyes. Lennox whistled to find Dan standing very still, peering along the barrel of his rifle. But he didn't shoot. The deer, seeing Lennox move, leaped into her terror-pace—that astounding run that is one of the fastest gaits in the whole animal world. In the wink of an eye she was out of sight.

"Why didn't you shoot?" Lennox demanded. "Shoot? It was a deer, wasn't it?" "Good Lord, of course it was a deer! But there are no game laws that go back this far. Besides—you aimed at it."

"I aimed just to see if I could catch it through my sights. And I could. My glasses sort of made it blur—but I think—perhaps—that I could have shot it. But I'm not going to kill deer. There must be some reason for the game laws, or they wouldn't exist."

"You're a funny one. Come three thousand miles to hunt and then pass up the first deer you see. You could almost have been your grandfather, to have done that. He thought killing

deer needlessly was almost as bad as killing a man. They are beautiful things, aren't they?"

On unsaid him with startling emphasis. But the look that he wore said more than his words. They trudged on, and Lennox grew thoughtful. He was recalling the picture that he had seen when he had whistled to look at Dan, immediately after the deer had leaped from its bed. It puzzled him a little. He had turned to find the younger man in a perfect posture to shoot, his feet placed in exactly the position that years of experience had taught Lennox was correct; and withal, absolutely motionless. What many hunters take years to learn, Dan had seemed to know by instinct. Could it be, after all, that this slender weakling, even now fowed down with a terrible malady, had inherited the true frontiersman's instincts of his ancestors?

The result of this thought was at least to hover in the near vicinity of a certain conclusion. That conclusion was that at least a few of the characteristics of his grandfather had been passed down to Dan. It meant that possibly, if time remained, he would not turn out such a weakling, after all. Of course his courage, his nerve, had yet to be tested; but the fact remained that long generations of frontiersmen ancestors had left this influence upon him. The wild was calling to him, waking instincts long smothered in cities, but sure and true as ever. It was the beginning of regeneration. Voices of the long past were speaking to him, and the feelings once more had begun to run true to form. Instinctive tendencies were in a moment changing this weak, diseased youth into a frontiersman and wilderness inhabitant such as his ancestors had been before him.

They were slipping along over the pine needles, their eyes intent on the trail ahead. And then Lennox saw a curious thing. He beheld Dan suddenly stop in the trail and turn his eyes toward a heavy thicket that lay perhaps one hundred yards to their right. For an instant he looked almost like a wild creature himself. His

head was lowered, as if he were listening. His muscles were set and ready.

Lennox had prided himself that he had retained all the powers of his five senses, and that few men in the mountains had keener ears than he. Yet it was truth that at first he only knew the silence, and the stir and pulse of his own blood. He assumed then that Dan was watching something that from his position, twenty feet behind, he could not see. He tried to probe the thickets with his eyes.

Then Dan whispered. Ever so soft a sound, but yet distinct in the silence. "There's something living in that thicket."

Then Lennox heard it, too. As they stood still, the sound became ever clearer and more pronounced. Some living creature was advancing toward them; and twice were cracking beneath its feet. The sounds were rather subdued, and yet, as the animal approached, both of them instinctively knew that they were extremely loud for the usual footsteps of any of the wild creatures.

"What is it?" Dan asked quietly. Lennox was so intrigued by the sound that he was not even observant of the peculiar, subdued quality in Dan's voice. Otherwise, he would have wondered at it. "I'm free to confess I don't know," he said. "It's booming right toward us, like most animals don't care to do. Of course it may be a human being. You must watch out for that."

They waited. The sound ended. They stood straining for a long moment without speech.

"That was the dumbest thing!" Lennox went on. "Of course it might have been a bear—you never know what they're going to do. It might have got sight of us and turned off. But I can't believe that it was just a deer."

But then his words chopped squarely off in his throat. The plodding advance commenced again. And the next instant a gray form revealed itself at the edge of the thicket.

It was Graycoat the coyote, half-blind with his madness, and desperate in his agony.

There was no more deadly thing in all the hills than this. When the bite of a rattlesnake would have been welcomed beside him. He stood a long instant, and all his instincts and reflexes that would have ordinarily made him flee in abject terror were thwarted and typified by the fever of his madness. He stared a moment at the two figures, and his red eyes could not interpret them. They were simply foes, for it was true that when this ruffian agony was upon him, even lifeless trees seemed to mock him. He seemed eerie and unreal as he gazed at them out of his burning eyes; and the white foam gathered at his fangs. And then, wholly without warning, he charged down at them.

He came with unbelievable speed. The older Lennox cried once in warning and curled himself for venturing forth on the ridge without a gun. He was fully twenty feet distant from Dan; yet he saw in an instant his only course. This was no time to trust their lives to the marksmanship of an amateur. He sprang toward Dan, intending to wrench the weapon from his hand.

But he didn't achieve his purpose. At the first step his foot caught in a projecting root, and he was shot to his face on the trail. But a long life in the wilderness had developed Lennox's reflexes to an abnormal degree; many crises had taught him quick and nerve control; and only for a fraction of an instant, a period of time that few instruments are fine enough to measure, did he lie supinely upon the ground. He rolled on, into a position of defense. But he knew now he could not reach the younger man before the mad coyote would be upon them. The matter was out of his hands. Everything depended on his hand and self-control of the tenderfoot.

He looked up, and the whole weird picture was thrown upon the retina of his eyes. The coyote was still racing straight toward Dan, a gray demon that in his madness was more terrible than any charging bear or elk. For there is an element of horror about the insane, whether beasts or men, that cannot be denied. Both men felt it with a chill that seemed to penetrate deep to their hearts. The eyes flamed, the white fangs of Graycoat caught the sunlight. And Dan stood erect in his path, his rifle half raised to his shoulder; and even in that first frenzied instant in which Lennox looked at him, he saw there was a strange impressiveness, a singular imperativeness upon his face.

"Shoot, man!" Lennox shouted. "What are you waiting for?" But Dan didn't shoot. His hand whipped to his face, and he snatched

out of his thick-lensed glasses. The eyes that were revealed were narrow and deeply intent. And by now, the frenzied coyote was not fifty feet distant. All that had occurred since the animal charged had possibly taken five seconds. Sometimes five seconds is just a breath; but as Lennox waited for Dan to shoot, it seemed like a period wholly without limit. He wondered if the younger man had fallen into that strange paralysis that a great terror sometimes induces. "Shoot!" he screamed again.

But it is doubtful if Dan even heard his shout. At that instant his gun slid into place, his head lowered, his eyes seemed to burn along the glittering barrel. His finger pressed back against the trigger, and the roar of the report roared through the summer air.

The gun was of large caliber; and no living creature could stand against the furious, shocking power of the great bullet. The lead went straight home, full through the neck and slanting down through the breast, and the coyote recoiled as if an irresistible hand had smitten him. It is doubtful if there was even a muscular quiver after Graycoat struck the ground, not twenty feet from where Dan stood. And the rifle report echoed back to find only silence.

Lennox got up off the ground and moved over toward the dead coyote. He looked a long time at the gray body. And then he stepped back to where Dan waited on the trail. "I take it all back," he said simply. "You take what back?"

"What I thought about you—that the falling lead had gone to the dogs. I'll never call you a tenderfoot again. But tell me one thing. I saw the way you looked down the barrel. I could see how firm you held the rifle—the way you kept your head, and that is all like your grandfather. But why, when you had a repeating rifle, did you wait so long to shoot?"

"I just had one cartridge in my gun. I didn't think of it until the coyote charged."

Lennox's answer was the last thing in the world to be expected. In

MAKING PLACES FOR DIMPLES

Wonderful Effect of Botox in Filling Out Hollow Cheeks With New Firm Flesh.

Regardless of what old and new methods you follow, the new method is the only one that is a real cure. It is a revelation to those who found it hard work to eat, and soon the blush of youth on the skin is replaced with the pinkish hue of health. You now eat only food that you look at such is the remarkable influence of Botox in but a few short days. But this is not all. Botox has invigorated the activity of the vital processes to such an extent that the old feeling of exhaustion after a hard day's work is completely gone. It is certainly the most comfortable and satisfactory feeling of reassurance and there is no other condition to be compared to it.

Ask any of the clinics at Connellsville Drug Co. and you will find them selling it and recommending it upon the strength of what they say every day. Men and women of the very picture of health who are a week before nervous and bloodless dependents for a \$1.00 box of Botox today and live—Ade

have been a bear—you never know what they're going to do. It might have got sight of us and turned off. But I can't believe that it was just a deer."

Lives to See the Prescription He Wrote in 1892 the Worlds Most Popular Laxative Remedy

DR. W. E. CALDWELL TODAY
Born Shelbyville, Mo., March 27, 1859
Began the manufacture of his famous prescription in 1892

Founder of Dr. Caldwell's Syrup Pepsin, the largest selling liquid laxative in the world, long past Biblical old age, but hale and hearty—Still sees patients daily—Wonderful achievement of a "country doctor."

WHEN I started to practice medicine, back in 1875, there were no pills or tablets or salt waters for the relief of constipation, and no artificial remedies made from coal tar.

The prescription for constipation that I used early in my practice, and which I put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid remedy, and I have never had reason to change it. I intended it for women, children and elderly people, and these need just such a mild, safe, gentle bowel stimulant as Syrup Pepsin.

I am gratified to say that under successful management my prescription has proven its worth and is now the largest selling liquid laxative in the world. The fact that over eight million bottles were sold by druggists last year proves that it has won the confidence of mothers whose chief interest is the health of their children.

It is particularly pleasing to me to know that the biggest half of these eight million bottles were bought by mothers for themselves and the children, though Syrup Pepsin is just as valuable for grownups. The price of a bottle holding 50 average treatments is sixty cents; such a bottle will last a family several months.

I have never made a secret of what is in Dr. Caldwell's Syrup Pepsin. It is a compound of Egyptian Pepsin and other simple laxative herbs with pepsin and pleasant-tasting aromatics. These ingredients are endorsed in the U. S.

TRY IT FREE

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. E. Caldwell, 513 Washington Street, Monroeville, Illinois. Everybody's new and then needs a laxative, and it is well to know the best. Write me today.

FLYING FISH NOT A MYTH

Denizen of the Sea Known to Be Really Capable of Sustained Flights Through the Air.

Does the flying fish really fly? Or does it merely leap out of the water and glide through the air?

This is a question that has been much debated; which is rather odd, considering how many people have had opportunities to watch at leisure the aerial "stunts" of the finny species in question.

The fact, as asserted by eminent naturalists, is that the flying fish does fly. In flight it will sometimes turn at right angles, or even at a very acute angle. Nay, more, it is occasionally observed to turn about swiftly and come back in a direction opposite to that in which its course was begun.

From the bow of a ship one may see the wings of flying fishes flap as they hurry to get out of the way. When in full flight the outlines of their "wings" are blurred to the eye, so rapid are the flappings.

They sometimes fly 150 or 200 yards without rising more than a couple of feet above the surface of the sea. Often they are observed to rise over the crests of waves and sink into the hollows. These performances could not be accomplished by mere leaping and gliding.

Flying fishes are able to rise to a considerable height, and often come on board of large steamers. Such a record is an high above the water as a tall house. When they arrive upon the deck they cannot rise and fly away; but the same is true of many sea birds.

Sold His Business. Lady (to couple of beggars at her door)—Well, I declare, two of you at a time! I can only give a trifle to one of you; which is it to be?

Beggar—Please, please, give it in this 'ere chap; I've sold him my business, and am now introducing him to the customers.—Edinburgh Scotsman.

Out of the Race. When a person wakes up with a stiff back, has pains in muscles, aches in his joints, or has a rheumatic twinges, he lacks ambition and energy, and cannot do his best. If you feel out of the race, tired and languid, or have other symptoms of kidney trouble, you should act promptly. Foley's Kidney Pills help the kidneys do their work and get out of the system the poisonous waste matter that causes so much trouble. They give relief from sleep-disturbing bladder disturbances. Sold everywhere.—Adv.

For a Persistent Cough. Some years ago H. P. Burbage, a student at law in Greenville, S. C., had been troubled for a long while with a persistent cough which he says "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Having seen Chamberlain's Cough Remedy advertised he concluded to try it. "I soon felt a remarkable change and after using two bottles of the small size was permanently cured."—Adv.

TO BE CONTINUED.

A few minutes more, Peggy dear, and Daddy will be back with the Kemp's Balm. Then you can go to sleep and forget that horrid old cough."

KEMP'S BALM Will Stop That Cough

PA THINKS HE'S AWFUL SMART!

China's Famine Cry Is Heard by America

"CHINA'S MADONNA OF MISERY" Drought killed the crops in North-China one and one-half years ago. The world heard, but saw nothing drastic in the news. There existed, however, a condition which would have been termed famine in any other land. There is no surplus in China's Peking through the American Legation's appeal; but great population requires this double bounty of \$500,000 for relief work in the stricken area.

The Chinese set courageously to work to relieve the situation. They planted their winter crops, and lived through the hard winter with the hope that spring would bring plenty. The drought continued—the summer crop never materialized. With the greatest fortitude they planted for the fall. The drought continued. Then, too late to save the fall plant, rain fell. The people rose to a final desperate effort and planted buckwheat, hoping against hope for a harvest before the cold Northern winter set in. The drought returned, and they saw their last hope perish.

With the failure of the fall crop operating, funds are being received from the Chinese people. The organization is working. Every contribution means much—penny, dime, dollar—three cents will save a life for a day—a dollar will save a life for a month! Unless they are fed 15,000,000 human beings will perish before summer.

President Wilson December 9, 1917, issued an appeal to the American people, and appointed a committee to organize and carry on relief work in China. This the Committee for China Famine Fund—Thomas W. Lamont, Chairman; Vernon Munsie, Treasurer; Rae D. Henkle, General Secretary; and Union N. Bethell, Chairman of the Executive Committee—came into being.

The work of the organization is a steady under way. Churches, Sunday schools, merchants' organizations, and other patriotic and theatrical organizations are co-operating, and Chinese societies are co-operating. Funds are being received from the Chinese people. The organization is working. Every contribution means much—penny, dime, dollar—three cents will save a life for a day—a dollar will save a life for a month! Unless they are fed 15,000,000 human beings will perish before summer.
